Position Title: Open Rank Non-Tenure Track Teaching Position  
Engineering Technology

Texas A&M – Dwight Look College of Engineering
Texas A&M is located in the twin cities of Bryan and College Station, with a population of more than 175,000, and is conveniently located in a triangle formed by Dallas, Houston and Austin. Texas A&M has more than 50,000 graduate and undergraduate students enrolled. Research expenditures at Texas A&M total more than $820 million annually, ranking in the top tier of universities nationwide. With an endowment valued at more than $5 billion, the university ranks fourth among U.S. public universities and 10th overall. Texas A&M is aware that attracting and retaining exceptional faculty often depends on meeting the needs of two careers and having policies that contribute to work-life balance. For more information visit http://dof.tamu.edu/content/balancing-work-and-life. With 390 tenured/tenure-track faculty members and more than 12,000 students, the Dwight Look College of Engineering is one of the largest engineering schools in the country. The college is ranked seventh in graduate studies and eighth in undergraduate programs among public institutions by U.S. News & World Report, with seven of the college’s 13 departments ranked in the Top 10. The Look College is ranked second in research expenditures by the American Society for Engineering Education.

Department of Engineering Technology and Industrial Distribution
The Department of Engineering Technology and Industrial Distribution (ETID) at Texas A&M University invites applications for non-tenure track faculty positions at the lecturer, senior lecturer, instructional professor, and professor of practice levels for academic year 2015-2016. All positions require teaching undergraduate courses related to engineering technology (electronic systems, manufacturing and mechanical, and mechatronics). The successful applicants will teach primarily undergraduate students, participate in all aspects of the department’s activities and serve the profession. Instructional track professors may also teach regular graduate courses and special topic seminars, as well as supervise graduate students in professional practicum experiences. Strong written and verbal communication skills are required. Applicants should consult the department’s website to review our academic and research programs (engineering.tamu.edu/etid). All non-tenure track position openings are subject to budgetary availability, student enrollment needs, programmatic needs and turnover rates.

Pre-Hire ID: 3377

Required Education and Experience
Candidates must have undergraduate and graduate degrees in engineering, engineering technology or a closely related field. Applicants with master’s degrees with significant teaching and/or industrial experience will also be considered for these positions.

Other Requirements
Applicants should submit a cover letter, curriculum vitae, teaching statement, and a list of four references (including postal addresses, phone numbers and email addresses) by applying for this specific position at www.tamengineeringjobs.com. Full consideration will be given to applications received by September 1, 2015. Applications received after that date may be considered until positions are filled. It is anticipated the appointment will begin fall 2015 or spring 2016.

The members of Texas A&M Engineering are all Affirmative Action/Equal Opportunity Employers. It is the policy of these members in all aspects of operations each person shall be considered solely on the basis of qualifications, without regard to race, color, sex, religion, national origin, age, disabilities or veteran status.
