College of Engineering No Grade (NG) Request Form

Policy
Texas A&M University Student Rule 10.3 defines No Grade (NG) as follows "Administrative removal of posted grades requires approval by the Dean or designee of the college in which the student was enrolled during the semester in which the courses were taken. A NG requires extensive documentation of the extraordinary circumstances justifying the NG. The instructor of record, or the instructor’s department head if the instructor is unavailable, will be consulted during the process. The registrar will, if possible, notify the instructor of record, and in any event, will notify the instructor’s department head, whenever a NG is issued."

In order to be awarded a NG you must:

1. Identify the extraordinary circumstances, beyond your control, that negatively impacted your grades in a specific time period (e.g. Fall 2011);
2. Resolve the extraordinary circumstances identified above (e.g. counseling, medical treatment, etc.);
3. Demonstrate that the extraordinary circumstances have been resolved through subsequent semesters of good academic performance.

Note: College of Engineering policy is as follows: If request is approved, NG will be assigned for ALL courses taken during the semester reviewed.
