Outstanding Dissertation Award

The purpose of this award is to recognize a graduate student who has made outstanding research contributions in their dissertation. The graduate student should be a senior Ph.D. student who is expected to graduate by August 2014. The idea is to recognize students prior to their completion of the Ph.D. program so that they can showcase this recognition on their CV when seeking employment.

If you would like to nominate a student, please write a nomination letter (about 2 pages) and send it with the student's CV to Ms. Tammy Carda (room 241 D WEB, tammy@ece.tamu.edu) by 8.00AM on 18th of November, 2013. Comparing students from different areas within ECE is a difficult task. So, please be sure to explain the significance and the impact of the student's work. The student will receive a plaque and $1000 cash award.

These awards will be decided by the departmental awards committee.
