Items for evaluation	Yes	No	Comments	Action to be taken
Is any personal protective clothing or equipment that employees are required to wear or use, of a type capable of being cleaned easily and disinfected?				
Are employees prohibited from interchanging personal Protective Clothing or equipment, unless it has been properly cleaned?				
Are machines and equipment, which process, handle or apply materials that could be injurious to employees, cleaned and/or decontaminated before being overhauled or placed in storage?				
Are employees prohibited from smoking or eating in any area where contaminants that could be injurious if ingested are present?				
When employees are required to change from street clothing into Protective Clothing, is a clean change room with separate storage facility for street and Protective Clothing provided?				
Are employees required to shower and wash their hair, as soon as possible, after a known contact has occurred with a carcinogen?				
When equipment, materials, or other items are taken into or removed from a carcinogen regulated area, is it done in a manner that will contaminate non-regulated areas or the external environment?
