Students must meet and adhere to the following requirements and guidelines in order to earn the Energy Engineering Certificate:

Requirements:

1. Be in good academic standing within major department.
2. Obtain a “C” or better in each course taken towards certificate program.
3. Achieve an **overall GPR of 3.0** in approved certificate program coursework.
4. Submit completed certificate program worksheet to the Program Coordinator (Richardson 501U) upon registering for final course(s) to complete certificate requirements.
5. It is recommended that students take 6 hours of coursework above what is required for their degree program. (eff. 06/18/10)
6. Consult with academic advisor prior to submitting application for certificate.

Guidelines:

1. Students should complete and submit certificate program application to the Program Coordinator (Richardson 501U) prior to registering for any of the certificate courses.
2. Students must contact the faculty member teaching a course to get forced in.
