The College of Engineering's Undergraduate Summer Research Grant program is for outstanding students who have completed their freshman year and are interested in pursuing graduate studies in biomedical engineering. Students contribute to ongoing faculty research to develop and expand their appreciation for research. For more information please visit tx.ag/engUSRG or tx.ag/BMEresearch

Funding

Participants will receive:
- **$5,000 stipend.**
- Tuition and fees for **one credit hour** of research
- **Housing** or housing allowance
- Up to **$400** for travel expenses

Activities

- Professional development seminars and GRE prep courses
- Networking with BME@TAMU faculty and graduate students
- Graduate school information sessions

Eligibility

- Desire to actively participate in ongoing research projects
- U.S. citizen or U.S. permanent resident
- Major in engineering, computer science or related math or science field
- May not graduate before/during the program

Application Requirements

1. Completed application
2. Personal statement
3. Two recommendation letters
4. Unofficial transcript(s)

Application Timeline

1. Applications open – Dec. 1
2. Application deadline – Feb. 15
3. Decisions made – March 1
