

## Artie McFerrin Department of Chemical Engineering – Undergraduate Scholastic Policies Summary

### Notes

1. A grade of C or better is required in all CHEN courses.
2. Students are allowed two attempts to pass a CHEN course with a grade of C or better. A Q-drop is considered an unsuccessful attempt.
3. Single mandatory meeting with a CHEN advisor to revise degree plan and identify potential consequences of dropping a course mid-semester.
4. Two mandatory meetings with a CHEN advisor during the following fall, spring, or summer semester.
5. Four mandatory meetings with a CHEN advisor, completion of Academic Success Center (ASC) fresh start orientation program, and completion of ASC individualized academic success program during following fall or spring semester.
