## General Account Information

- 1) Your UserID will be your three Initials and the last 4 digits of your TAMU ID Number. If you do not have a TAMU ID Number, then select 4 digits you would like to use in your UserID. If you have no middle initial, then a 0(zero) will be used as the middle initial. All accounts will be setup with this format.

## Cluster Computer User Rules and Regulations

I understand that all information that is stored, generated or created on any state and/or university owned is the property of the State of Texas and is subject to all applicable rules and regulations. I will not disclose any information that is found I also understand that any personal use of computers in the Engineering cluster must follow all rules and regulations for incidental use as set forth by the State of Texas, Texas A&M, Texas Engineering Experiment Station and Chemical Engineering. Users are responsible for protecting access to computers and data in the Engineering Cluster. Users, nor anyone else, possess the authority to allow anyone to use their userid or password. The following describes some, but not limited to, precautions that would be considered reasonable care:

- Keep all passwords private, this means do not share, write down or post in a public area. It is against University and State law to share passwords on University systems.
- Do not give access to secured areas, such as computer labs, to anyone that does not already have access to them.
- Do not leave an unattended computer unsecured in any way.
- Do not install any unauthorized software on any state or university owned computer. All software that is installed must be approved by the Engineering Cluster Computer Support Team. If you have a question, please ASK!
- Do not open any email that is of unknown or questionable origin.
- Do not disable antivirus software found on any Engineering Computers
- Do not alter, remove or disable any computer hardware that is owned by the State of Texas and/or Texas A&M.

I will follow all the above rules and applicable state, TEES and Texas A&M.
