INTRODUCING NEW FACULTY

James Harris
Professor of Practice
Ph.D., The University of Texas at Austin, 1981

"Great to be at Texas A&M...I didn’t go to school here, but got here as soon as I could!"

Sang-II Kwon
Assistant Professor
Ph.D., University of California, Los Angeles, 2015

"It is with great delight that I begin my professional career at this highly ranked institution."

Pushkar Lele
Assistant Professor
Ph.D., University of Delaware, 2010

"Doing the research I love in a vibrant and supportive environment..."

Phanourios Tamamis
Assistant Professor
Ph.D., University of Cyprus, 2010

"To pursue great teaching and research—for this I am here."

Homa Khosravian
Research Assistant Professor
Ph.D., University of Illinois at Chicago, 2013

"I am so excited to be a part of the chemical engineering family at Texas A&M University. It is truly an honor to start my academic career here."

CELEBRATING FACULTY PROMOTION

Mustafa Akbulut
Associate Professor
Ph.D., University of California, Santa Barbara, 2007

"I would like to thank the department of chemical engineering for providing me with a friendly environment and top-notch resources during my tenure process..."

Jodie Lutkenhaus
 Associate Professor
Ph.D., Massachusetts Institute of Technology, 2007

"I am excited to begin this new phase of my career."

Sreeram Vaddiraju
Associate Professor
Ph.D., University of Louisville, 2006

The promotion is “a small step in realizing my dream of becoming a successful academic, but also [is] a testament to the support provided by the chemical engineering department and Texas A&M University.”
