At the U.S. News & World Report (2010) Top 14 Public Schools in the U.S.

Attached are eight (8) charts that show the woman and minority enrollments in mechanical engineering graduate programs at the U.S. News & World Report (2010) top 14 public schools in the United States.

1. Graduate enrollments of women and percent of women in graduate programs, 2005-2009
2. Graduate enrollments of minority (African American, Hispanic, and Native American) students and percent of minority students in graduate programs, 2005-2009
3. Graduate enrollments of African American students and percent of African American students in graduate programs, 2005-2009
4. Graduate enrollments of Hispanic students and percent of Hispanic students in graduate programs, 2005-2009

These charts are based on enrollment and graduation data that schools submitted to ASEE, which has just published the data on its website, [http://profiles.asee.org](http://profiles.asee.org).
